PROFESSIONAL SUMMARY

Detailed-oriented Software Developer with proven expertise in front-end development using Javascript, React.js, and modern CSS frameworks (Tailwind CSS, Bootstrap). Skilled at crafting responsive, user-centric web applications and integrating Restful APIs. Strong problem-solver with a passion for delivering high-quality, maintainable code. Seeking a front-end role to contribute to impactful projects and advance technical skills.

SKILLS

- Languages: JavaScript (ES6+), HTML5, CSS3
- Frameworks& Libraries: React.js, Tailwind CSS, Bootstrap
- Tools: Git, Visual Studio Code, RESTful APIs
- Methodologies: Agile (Scrum), Responsive & Mobile-First Design, Cross Browser Compatibility

SELECTED PROJECTS

AKAS STUDIO

- Designed and developed a sleek interior design and architecture website.
- Implemented responsive layouts with Tailwind CSS and interactive features using vanilla JavaScript.
- Optimized site structure and metadata for Google Search Engine indexing and discoverability.
- Live on Google Search Engine: <https://www.akasstudio.co.za>
- GitHub Repository: <https://github.com/Sancho566/akas-studio>

Primefix

- Developed a responsive web application for appliance repair services.

- Implemented dynamic UI components with vanilla JavaScript and styled with Tailwind CSS.
- Deployed on Netlify, ensuring high availability and fast load times.
- Live: <https://appliance-repairs.netlify.app>
- Github Repository: <https://github.com/Sancho566/Appliance-repairs>

Personal Portfolio

- Designed and implemented a responsive portfolio site showcasing projects and skills.
- Leveraged React for dynamic content rendering and Tailwind CSS for utility first styling.
- Live: <https://tapfuma-portfolio.vercel.app/>
- Github Repository: <https://github.com/Sancho566/personal-portfolio/>
